CANDIDATURE

EC members Profile

An ESPNIC Executive Committee member is expected to have the following prerequisites:

- Must be an ESPNIC member in good standing
- Show commitment and be in a position to sustain reliable communication (especially e-mail) with the ESPNIC Office
- Substantial commitment of time and energy. Consequently, candidates should be willing to commit themselves to the task
- Be an experienced, accredited senior health professional in the field of paediatric and neonatal intensive care.
- Have an established track record in education, teaching, research, and publication
- Be experienced and competent in medical, administrative, and political areas
- Preferably have previous experience at a National/ European/International (paediatric and neonatal) Intensive Care Society level
- Preferably, candidates as Presidents-elect should have previously held other positions in the society

Duties of the Executive Committee

- The Executive Committee is in charge of the management of the Society
- The Executive Committee holds the decision power regarding Society matters
- The Executive Committee represents the Society
- The Executive Committee holds meetings in regular intervals, at least three times a year

- The Executive Committee delegates specific tasks to committees of the Society
- If the candidate is Chair, deputy chair, WG coordinator or appointed committee member must resign his/her position upon appointment.
- It is recommended that candidates for Nursing and Medical Presidents have already held other positions in society to accumulate experience in its functioning.

Terms of reference

1. Medical President-Elect

The main role of the Medical President-elect is to help and support the president in running the Society. (S)he is a voting member of the Executive Committee. The president-elect will be the next Medical President. (S)he should therefore be involved with all working aspects of Society.

Duration: 2 years.

1.1 Medical President (after two years of being Medical President-Elect)

- Representation of ESPNIC (leadership and promotion)
- Take the lead in strategy and objective setting for the Society
- Take the lead in the development of all aspects of Society
- Chair all executive meetings and General Assembly if medical attendees predominate or the NP is absent.

Duration: 2 years.

2. Nursing President-Elect

The main role of the Nursing President-elect is to help and support the president in running the Society. (S)he is a voting member of the Executive Committee. The president-elect will be the next Nursing President. (S)he should therefore be involved with all working aspects of Society. The nursing president-elect also acts as a communication officer.

Duration: 2 years.

2.1 Nursing President (after two years of being Nursing President-Elect)

- Representation of ESPNIC (leadership and promotion)
- Take the lead in strategy and objective setting for the Society
- Take the lead in developing all aspects of Society Chair, all executive meetings and the General Assembly as long as nursing attendees predominate or the Medical President is absent.

Duration: 2 years.

Medical President

Nursing President

Did you hold any position in ESPNIC, and if yes, which one(s):

EC Member

Section Chair

Section Deputy Chair

Personal statement (250 words max.)

I have 5 years experience of working in PICU and I feel that throughout the years I have perfected my clinical , communication skills, ways of dealing with different international medical organizations repeatedly presenting the activities of my hospital throughout the world. Im a hard-working, self-motivated, professional and committed employee who feels most comfortable in a role whereby pressure is very much part of everyday working life. I have applied for this position ,because I feel strongly that I have the necessary skills , qualities and attributes to not only carry out each of the duties to a high standard, but also help our society move forward positively and innovatively implementing multiple programs together through high work and determination.The professional leadership experiences I have gained during my working to date will be a benefit to our team whilst working in this role.I believe that given opportunity to work within this role you will be impressed with my strong work values , ethics and professional standards and i can assure you I will work extremely hard to demonstrate my abilities and also repay the trust you would have put into employing me, within the role.And finally, this is a wonderful chance to break the widespread stereotype that a young representative from a small and lower middle - income country cannot occupy such positions.

DISCLAIMER

I herewith confirm that I am not currently being investigated by my regulatory body for fitness to practice incidents.
